

THE ART OF

Panama

Panama is a fast growing and developing country in Central America that has become a home away from home for many citizens and expats from USA, Canada, Europe, United Kingdom and Africa.

One of the most diverse countries on the planet. Panama is a mixture of modern city life in Panama City and engineering features like the Panama Canal and breathtaking beaches, rainforests, waterfalls, volcanoes and islands

Are you looking for a all-year round premier holiday destination, adventure filled summer break in the tropics, or a new place to call home, **Panama** really is Amazing.

The low crime rate, modern health facilities, great infrastructure, connectivity, friendly and welcoming people will keep you coming back for more

INTERESTING FACTS ON PANAMA

Panama is the only place in the world where you can see the sun rise on the Pacific and set on the Atlantic.
